

Step 3:

Create a Data Schema:

1- Entities in the Market place

Products	Customers	Orders	Delivery Zones
Product ID	Customer ID	Order ID	Delivery ID
Description	Name	Customer ID	Zone Name
Price	Email	Product ID	Coverage Area
Dimensions	Address	Total Price	Assigned Price
Materials	Contact Info	Payment Status	
Stock	Wishlist	Delivery Address	
Categories		Order Date	
Images		Status	

SCHEMA DIAGRAM:-

[Product]

- ID
- Name
- Stock
- Material
- Dimensions
- Categories
- Images

[Order]

order ID

- Product ID
- Total Price
- Payment Status
- Delivery Info

[Customer]

- Customer ID
- Name
- Email
- Address
- Contact Info

[Delivery Zones]

- Zone Name
- Coverage Area
- Assigned Drivers.
